The Call

Words and music by Christine Yandell

Sweet baby child your Father is calling
With messages you need to hear
One thing that I ask is for you to trust me
Leap and the net will appear
Don't be afraid to climb up the hillside
I'll pick you up when you fall
Beyond the clouds is where you are bound
Why haven't you answered my call?

(Chorus)

I gave you wings
Why are you hiding them under your sleeves?
Please give them a try
You can be more than you'd ever believe

Within you a fire, my heart's desire
Don't drown it out with your tears
The time has come to walk in the sun
You have squandered way too many years
Don't settle for less than excellence
I know what you're capable of
The one you hear whispering fear
Has been conquered by unfailing love

(Chorus)

(Bridge)

You eyes are open
See more than you could before
Becoming one with the Son

(Chorus)

Take to the sky
Why don't you see how far we can fly
I'll tell you why

I love more than you'd ever believe
I love more than you'd ever believe
I love more than you'd ever believe

Seek Me

Words and Music by Christine Yandell

Always trying to figure it out
Wondering how and why
Circumstances beyond my control
Keeping me up at night

The wheel's in constant motion
But not covering any ground
I heard a voice inside of my heart sing this sweet sound ...
The voice sang

(Chorus)
Seek Me and you will find
Hope and peace of mind
Trust in Me with everything
Why are you still worrying?
I'm here, I'm here, I'm here

Standing at the crossroads
Desperate for a sign
Wanting to know which way to go
Frozen in time
Maybe today something will change
I patiently wait
For one of the roads before me to illuminate

(Chorus)
Seek Me and you will find
The purpose of your life
Become who your are meant to be
From here to eternity
To be so free, to be so free

(Bridge)
Faith does not need eyes to see
Fortunate who do believe
Compensation from above
Why are you afraid of love?

(Chorus)
Seek me and you will find
Eternal life...

(Repeat Chorus 3x)

For Just A Moment

Words and Music by Christine Yandell

I need motivation
I need inspiration
I need to push the button
And turn off the drug that is turning me into nothing

I need a vacation
Sweet anticipation
I need to get in motion
Maybe rest my weary bones beside the ocean

So let me take this life of mine and go out and explore it
Caught within the nick of time
We're here for just a moment

Let me take this life of mine and go out and explore it
Caught within the nick of time
We're here for just a moment

Placed inside these walls of mine I've learned to live in fear
Thinking I would not survive to see the coming year
Bent upon the flow of watching other lives flow by
Seeing them and wondering . . . why oh why can't I?

I need simplification
Free from complication
I need to lighten up this load
Change direction, take a different road

I need re-evaluation
Spiritual regeneration
I need to enjoy this place of wonder
And realize the beauty of surrender

So let me take this life of mine and go out and explore it
Caught within the nick of time
We're here for just a moment

Let me take this life of mine and go out and explore it
Caught within the nick of time
We're here for just a moment

Maybe Tomorrow

Words and Music by Steve Waite

The sun rises
It's just another day
And like yesterday
You can't find your way
You search in vain
Disguise the pain
You can leave the past behind

(Chorus)

Maybe tomorrow
You'll find the courage to leave
The faith to believe
Maybe tomorrow
The curse will be broken
The Word will be spoken
Maybe tomorrow

Stars shining
So brightly at night
It's an endless fight
You can't see the light
Black and blue
It's up to you
Let the Spirit guide you through

(Chorus)

(Bridge)

Rain falls
Shadows confound
What will it take
To turn your heart around?

(Chorus)

Maybe tomorrow
You won't take anymore
And walk out the door
Maybe tomorrow

Here Comes The Light

Words and Music by Christine Yandell

A warm winter morning came to Redding
Wings came a knocking at the door
Curious as to who was calling
Feathers of black and red galore

Awaken from your sleep
You're dreaming so deeply
A chirpin and a peep
There is no need to weep

Here comes the light, here comes the dawn
Another chance to sing a song
Here comes the light, here comes the dawn
La la la la

This very moment is too precious
To dwell on regrets of yesterday
And wringing your hands over tomorrow
Is wasting the treasure of today

Allow the sun to shine
Within that place of darkness
You're running out of time
This day could be divine

Here comes the light, here comes the dawn
Another chance to sing a song
Here comes the light, here comes the dawn
La la la la

No matter how bleak
No matter how weak
The harvest you reap
From the words that you speak

Here comes the light, here comes the dawn
Another chance to sing a song
Here comes the light, here comes the dawn
La la la la

Here comes the light, here comes the dawn
Another chance to sing along
Here comes the light, here comes the dawn
La la la la

Here comes the light, here comes the dawn
La la la la

Love Song

Music and lyrics by Leslie Duncan

The words I have to say
May well be simple but they're true
Until you give your love
There's nothing more that we can do

Love is the opening door
Love is what we came here for
No one could offer you more
Do you know what I mean
Have your eyes really seen

You say it's very hard
To leave behind the life we knew
But there's no other way
And now it's really up to you

Love is the key we must turn
Truth is the flame we must burn
Freedom the lesson we must learn
Do you know what I mean
Have your eyes really seen

Shine

Words and Music by Steve Waite

Forsaken
The day has come
Awaken
Behold My Son
The answers
Revealed in the Word
In quietude
My voice will be heard

(Chorus)
Surrender
It's time
Go on your way
Believe
And shine ...

Receive
The kingdom
Conceive
The love to come
Born anew
Two become one
Eternal life
Forever's begun

(Chorus)

Shine
Shine
Shine
Shine

(Chorus)

Live to Love

Words and music by Steve Waite

(Pre Chorus)

Surrendered to Him
Forgiven of sin
Blessed with His grace
We rise above

(Chorus)

And live to love
We live to love

(Verse)

It's not about you – it's not about me
It's not about all the flesh we see
It's not about us – it's not about them
It's not about anywhere we've been
It's not about me – it's not about you
It's not what we want to do
It's not them – it's not about us
It's all about faith
It's all about trust

(Pre Chorus and Chorus)

(Bridge)

Search me
Transform me
Let Your heart reign supreme

(Repeat verse)

Surrendered to Him...

Trust in Me

Words and Music by Steve Waite

Trust in Me
Put Me first
When the well runs dry
I'll quench your thirst

Trust in Me
It's what you ought to do
When darkness stalks
I'll pull you through

(Pre Chorus)
Rising higher
Above the storm
Faithfully

(Chorus)
Trust in Me
Oh, trust in Me

Trust in Me
I'm the true vine
My spirit can turn
Water into wine

Trust in Me
Let Love take root
Fan into flame the gift
Of all My fruit

(Pre Chorus)
Rising higher
Above the storm
For Eternity

(Chorus)

Eclipsed

Words and music by Christine Yandell

Faith can feel as strong as steel when everything's okay
The flesh complains when it has to wait for what I pray
Years go by and still no sign of all I hope and dream
Crying, realizing things may not be what they seem . . . what they seem

I'm sorry, please forgive me
It takes so long to learn it's not about me
Please let me truly see
Myself in You Yourself in me

You say I must believe that I have already received
Relying only on the mind I'm bound to be deceived
Expectation, revelation I just want to understand
Someday I will but not until I've given up my plan

Every time I think I have surrendered everything
Something crawls up from the darkest places of my being
What has been revealed can no longer be denied
Let me recognize that all that came before has died . . . crucified

I'm sorry, please forgive me
It takes so long to learn it's not about me
Please let me truly see
Myself in You Yourself in me

Your love has saved me from the things I used to do
Everyday I pray for less of me and more of You
Once in a while the sun becomes eclipsed by the moon

I'm sorry, please forgive me
It takes so long to learn it's not about me
Please let me truly see
Myself in You Yourself in me

In My Heart

Words and Music by Sweetbird

And I want to thank you
For all the love you've given me
And through the eyes of my heart,
You taught me how to see

You waited patiently
For me to come around
And met me in the hole that I dug
Six feet beneath the ground

(Pre Chorus)

And after all I've done
You didn't run

(Chorus)

You will always live in my heart
Changing me
Lifting me out of the darkness
You will always live in my heart
This is real
We'll never be apart
In my heart

And I'm filled with gratitude
For hope I never had before
And for the first time
I do not fear anymore

And now that we are One
My life knows no bounds
There is no going back
True love is what I've found

(Pre Chorus)

(Chorus)

(Bridge)

In the depths of my despair
I cried out in the night
And you were there...
