## **Love a Little More**

Words and Music by Steve Waite

Why can't we love a little more?  
Embrace the light  
Open the door  
Cast the darkness aside

Why can't we love our enemies?  
Pray for their hearts  
To see true Self  
A wondrous remedy

### **(Pre Chorus)**

An open book  
A burning heart  
Receiving grace  
Never part

### **(Chorus)**

Have you lost your way?  
Do you feel all alone?  
Has your heart become stone?  
Oh, love can take you home

It's time to love a little more  
It's why we're here  
Perfect love  
Casts out all fear

It's time to love our enemies  
See through the skin  
Spiritual fruit  
Reveals Life within

### **(Break)**

In the twilight of this life  
When you look back  
Was there Light?  
Was there Love?

**(Chorus – 2xs last time: Love will take you home)**

Sure there's a flame deep within  
The breathe of life whispers... "*Begin.*"

## **Sacred Romance**

Music and Lyrics by Christine Yandell

Sing me a song from above  
High in the trees  
Within the leaves  
Bring me a token of love  
Float on the breeze  
Sweet honey bees

Leave me a gift from the sea  
Barefoot affair  
Salt in the air  
Whisper a secret to me  
Treasure so rare  
Beyond compare

(Chorus)

Stars singing harmony in the night  
River flowing with life  
Down through the canyon and high on the mountain top  
All creation is calling out

Raise up your voice from the land  
Crickets entrance  
Fireflies dance  
Bring me the touch of your hand  
This circumstance  
Sacred romance

(Chorus)

Sing  
Sing  
Sing  
Sing

# **Inside Out**

Lyrics & Music by Christine Yandell

(Chorus)

Dying to live  
Learning to give  
Changing the inside out  
Losing to gain  
Transcend the pain  
Finding what it's about

Feeling divided  
Yet Undecided  
Straddle the line between the kingdom and the world  
The way provided  
The flame ignited  
Invited past the point of no return

What's in a name, he said?  
(Chorus)

Jumped from the mountain  
Swam in the fountain  
Carried along by going with the flow of love  
Eagle and river  
Somehow familiar  
Beyond the noise beyond the shadow of a doubt

What's in a name, she said?  
(Chorus)

# Alma

Words and Music by Steve Waite  
(based on a true story)

*(Jesus speaking to Alma while she is lying in bed dying)*

I'm right here  
Where I've always been  
Right by your side  
Beginning and end

I knew you  
Before you knew Me  
I held you  
You couldn't see

(Pre Chorus)  
I'll open the eyes of your heart  
The time has come  
For us to be One

(Chorus)  
Alma  
Alma

*(Alma speaking to Jesus moments before she passes on)*

Distracted by things  
Done in Your name  
I wanted to know  
Wanted to change

The time is near  
Is it too late?  
How much longer  
Must I wait?

(Pre Chorus)  
Sweet Jesus  
There you are  
The Truth is known  
I'm coming home...

(Interlude – the angels sing)  
Alma (angels are singing on high)  
Alma (with peace, love and joy in their heart)  
Alma (angels are singing on high)  
Alma

# I Forgive

Words and Music by Steve Waite

As the light reveals the disguise  
I see delusion hidden in lies  
Darkness I can now perceive  
Freedom has come

And as I pass through the Narrow Gate  
I hear a voice say:  
"It isn't too late  
Shed the past, leave it behind  
And all that you've done  
You're forgiven  
My beloved one"

(Chorus)  
I forgive your foolish pride  
I forgive all the anger inside  
I forgive the secrets you hide  
I forgive all the tears  
The tears that you've cried

On an journey that never ends  
All the armor I need to defend  
Up high on this precious ground  
One with the Son

Now my heart beats with Yours  
Perfect love opens all doors  
Living water - a Vine so sweet  
The battle is won  
Yes, the battle is won

(Solo/Interlude)

I forgive the resentment you hold  
I forgive the emotions so cold  
I forgive all the fear and the blame  
I forgive all the shame

(Chorus)

You're forgiven  
My beloved one

# **The Great Life**

Words and Music by Steve Waite

With this heart, I can live  
With this love, I can give  
With this hope, I can grow  
With this peace, I can show

(Chorus)

Press in - press on  
Another day  
In The Great Life

We fix our eyes on what's unseen  
Receive grace, trust and believe  
Travel the path few can conceive  
Let Truth set us free

(Chorus)

(Bridge)

Beyond the ego  
Rising in Light  
True Self in view  
Above left and right

(Solo)

(Chorus)

In Christ...

## **Jericho**

Words and Music by Steve Waite

Why won't you let Love in?

All those years of tears and pain  
Defying authority in vain  
The voice that speaks to you now is Truth  
And it will set you free

Jericho

All those years you tried to see  
And journey into eternity  
The wall you built must fall  
For you to have it all

Jericho

(Solo)

Oh, won't you let Love in

## **Let Go**

Music & Lyrics by Christine Yandell & Steve Waite

To leave all this here  
Isn't the easiest thing to do  
To rise above the world  
In this beautiful balloon  
And be free

Tethered to dreams  
Weighed down by make believe  
All considered dear  
False reality  
Holding on

### *Prechorus*

No body can remain for very long  
All we think we have will soon be gone  
Desire's gravitational pull is strong  
Don't matter who is right or who is wrong

### *Chorus*

Let go

There once was a man  
Clinging to a string  
Whispers on the wind  
Love was beckoning  
To release

At the break of dawn  
The man still hanging on  
Frozen he was found  
Five feet above the ground  
He passed away

### *Prechorus*

### *Chorus*

### *Bridge*

All that will be  
Non-attached to what is keeping us from seeing  
Eternity  
One reality

Repeat 1<sup>st</sup> Verse

## **Take Me Away**

Words and Music by Steve Waite

Darkness falls  
High on the wire  
Flesh yearns  
Spirits burn

Lights dim  
Glares of desire  
Eyes glance  
Pulses dance

(Chorus)  
Lord, take me away  
It's Your light  
I want to see  
Oh, take me away  
Let Your heart beat  
Inside me

Rocks glisten  
Carnal stares  
Midnight dawns  
The beat goes on

Broken lines  
Empty chairs  
Senses wane  
To ease the pain

(Chorus)

(Bridge)  
Tempted again...  
(Solo)

(Chorus)  
It's Your light (3x)  
Oh take me away  
Let Your heart beat inside me (3x)

## **Follow Me**

Words and Music by Steve Waite

Follow me  
I'll show you  
A heart of peace  
A love so true

Follow me  
I'll give you  
The strength you need  
To make it through

(Chorus)  
I am the Way, the Life  
I am the Truth  
I am the Spirit that will  
Set you free

Follow me

Follow me  
I'll be your eyes  
Give you sight  
To see the lies

Follow me  
Kingdom come  
A narrow path  
To freedom

(Chorus)

(Bridge)  
Bearing  
Believing  
Hoping  
Enduring all things

Follow me  
Follow me

## **“I Am Love”**

Words and Music received during a revelation on 12/7/2002 at 3:45 am

I wander through  
These streets alone  
Never looking for you  
I see like a child sees

I Am Love

I am patient  
And I am kind  
I'm never jealous  
Never selfish

I Am Love

I'm not touchy  
I delight in the truth  
I am ready to excuse  
I am never rude

I Am Love

### **(Chorus)**

Love...love  
I am stronger than you know  
I can make the rivers flow  
I can lift you when you're down  
I can turn your world around  
I can brighten every day  
I can guide you on your way

I Am Love

I am hope  
Eager to trust  
I endure all these things  
I am everywhere

I Am Love

Stormy seas  
I sail through  
May I always be  
With you  
I Am Love

### **(Chorus)**

Love...love  
May I always be  
With you  
I Am Love
